By filing this report, I understand that, I, Erica Bullock and Mr. Dobbins may be subject to an investigation by the Lexington Police Department. Further more, I swear that this statement is true and I may be charged for filing a false report on the public official listed above.

June 24, 2021 Around 7:30 I was on my scooter (mopad) driving around Amigo's "parking lot as I was driving the "police" officer came up out of nowhere, Park beside me and let his window down", His exact words when he let the window down was "Hey I don't need to see you on this damn scooter no more now take it home", My respond was "Okay", As I was on the way home, it was a car speeding so fast that, I could hear the motor opening up in full speed, so I glanced in my mirror it was officer's Dobbins following behind me trying to run me off the road, well done ran me off the road, I was in fear for my that ran into the ~~garbage~~ garbage can behind subway and hit my right knee all because the officer was driving full speed and wasn't trying to stop, he didn't have no light or siren until after the fact that I hit the garbage, I took off and went the wrong way trying to get away, But I didn't because the officer was still following me and ran me into the fence behind Thurmond's, This not the first time officers Dobbins been picking !!

RE.: Complaint

Dear Chief Mr. Newton,

I was brought to your department involuntarily by Derrick Scott. Mr. Scott and I got into an argument regarding the safety of our son. He did not have a car seat for our 2 yrs. old son. I attempted to remove our son from the vehicle and he drove off with me, leaving my home open and unoccupied. Mr. Scott had a loaded shot gun and empty alcohol bottles located in the vehicle. He drove to the station with my son in his lap while talking on the phone. I asked Mr. Scott to take us back home but he refused. My son could have easily accessed the weapon. Mr. Scott arrived at the station approaching an officer asking who was on duty. The officer provided the names of the officers on duty. Mr. Scott requested a specific officer named Officer Reed. This indicated to me that he was looking for some type of favor.

Mr. Scott walked to the back of the station where Officer Reed was located. I was directed by another officer to attend the meeting. However, Mr. Scott walked out with my son. I explained to Officer Reed what the issue was and presented the alcohol bottle. I asked Officer Reed not to allow him to leave with my son without car seat. Officer Reed stated to me that he cannot micro-manage our relationship. I was confused by this statement because my son's safety was the issue not my relationship. Officer Reed got personal with me and advised me to give Mr. Scott my car seat. I told him that he should have his own. Officer Reed continued to discuss my relationship instead of executing his job. There were three officers present and no one tried to stop him. He was judging me while Mr. Scott was driving off with my son without a car seat. I felt judged as a woman. The officers displayed a bias towards me. Mr. Scott breaks the law and is never confronted.

I am **court ordered** to meet at the police station which is pointless if justice going to be one sided.

I felt attacked. A similar situation happened last year at the station where Mr. Scott drove up without a car seat. Mr. Scott asked me about child support and when I did not give him the response he wanted he became upset and tried to force his way in my car to take my car seat. Officer March pulled up and I informed him what was going. He was rude and told me to get out of his drive way. I told him I was court ordered to meet there and he stated, "**he did not care what the judge ordered**". Mr. Scott placed my baby on the front seat and later pulled a car seat out from his truck. Officer March got aggressive with me and told Derrick Hodges, Fire Chief to give me a complaint form so I can get out. He disrespected me while the other officers turned a death ear. I thought he was going to hit me or something.

On January 29, 2021 Derrick Hodges, Fire Chief recalled this incident but had a different version. According to his version, he saw Mr. Scott get the car seat out of his truck but I assume he turned a blind eye to him pulling on my door. I assume he turned a death ear to him asking me about child support. I felt offended because he judged the situation based what he saw on camera but not what was actually happening in reality. Before taking sides he needed to hear and see. The judge court ordered us to meet there with the idea that this would be the safest place; where there will be honest and impartial individuals to handle any altercation without bias. **However, I have experienced the opposite. I have been judged, disrespected, and treated unfairly.** The bottom line is my son's safety was at risk and he was not protected because of Mr. Scott's relationship with this department. Mr. Scott is not above the law regardless of any relationship he may have with his department. I will be treated fairly and **I am requesting a timely response in writing regarding this matter.**

If you have any questions, or concerns I can be reach at 769-232-8058 and

Mayor,Board, and all administrators, I am Alderman Derrick Wilson Tchula MS. Your officer Markus March is harassing me because he got himself fired in Tchula. I came through the road block with no issues. I returned to the same road block and he had me to pull to the side and ask to see my license and insurance. I gave him my license and pulled my insurance up in my email gave him my phone. He returns with a citation. I had my Alderman decals on my 2020 2500 Dodge Ram. The incident was an embarrassment because the people coming through see an elected official pulled over and assume I am breaking the laws I preach to my citizens to follow. I asked the officer what the ticket was for because he had my insurance. He replied sarcastically "See you in court! I'm not the judge" Now if I didn't have my credentials then yes give me my citation, but I feel like this is his payback. Being pulled over and given a bogus citation is harassment. I will be coming over to file a complaint. What he did would intimidate some but not me because I know my rights. I also spoke to Chief Newton and Cheif Deputy March with the county because March was being rude, disrespectful, and petty for his own personal reasons. He was unprofessional and his harassment was not warranted.

Late yesterday evening Ashley Moore was stop by officer Sam and another officer. She was arrested for suspended license and no insurance andreckless driving. After she was arrested Sam called to get her truck pulled I ask if I could drive it home but Sam said no and then my son Robert asked ask him if he could get the keys out the truck because the house keys was on the key ring and Sam told him he better get from the truck. So Sam told us it we didn't bond her out that day the next day would be a \$1000.00 to get her out. She have insurance but Sam wouldn't look at it he just dismissed her flat out. So after we ask how much he told us we needed \$493.00 to get her out. After her release they went to Chris Dixon to see about the truck and we was told that Sam put a hold on the truck and we wasn't giving a reason Chris said he just driving but Sam said and we had to talk to Sam about it.

Shakerrin Norton and Ashley Moore did. My son ask Sam why was it a hold on the truck because that don't make no sense and Sam told my son you need to get back in the car because I am about sick of you. And then Sam ran my daughter tag for no reason at all. And after that he told my son I know your kind and then he started talking about my son to Ashley Moore saying that he is no count and I feel that he didn't have no reason to disrespect them like that they are kids underneath him.

On Sunday evening at approximately 6:45pm my nephew Bodinay Wallace called my phone and said Aunt Tee, that police had Squirt down here at Mejo's. Checking his pockets and asking him what do he have in his pocket and do he have a ID on him. I ask why was that. Asking him and he said he don't know, because Squirt didn't do anything with him. He said while ~~he~~ put his hand on him, why would he do that. So I told him to let me speak to Squirt and when he got on the phone. I ask Squirt what's going on and Squirt told me that when he came out the store the police officer called him over to the car and he ask him what was his name and do he have an ID and he said nope and he ask him how old he was and he said 18 and the police officer ask Squirt to come walk over here with him and then he told him to put his hands on top of his car and he start searching him and he ask Squirt what do you have in your pockets and Squirt said nothing but his phone, Condom and EBT card. And then he just said hold on right here and that's when he called the other officer and told him to stand behind him and then Sam came over and ask ~~him~~ Squirt what's his name is and do he have an ID and how old is he and Squirt said no I don't have an ID and he said that he is 18 and Sam walked off and when he came back he tell them to lets go. So I ask why, what was the reason he search me and he said why or what and Squirt said no he didn't say anything and I said that's wrong our black kids can't even go to store in peace without them police officer picking on them. Lord God Jesus knows everything that they're going to his children, He knows.

On 3/21/22, my son Dashawn, Walden was driving on 1700 St headed to my sister in law house to catch the bus for school. He stated a Lexington Police officer pulled him over because he was going 5 miles over the speed limit. My son stated he was asked for his license and insurance, in which he provided to the officer. He then stated the officer asked where he was going and he explained that he was going to catch the bus at his aunt house. Chief then tells my (17) year old son that it's the law that if you stay in Holmes County, he need a Holmes County tag. Now, to make this situation sense, my brother who is a resident of Jackson (Hinds County) let my son use his other vehicle to get back and forth to school. The vehicle is a 2006 Mercedes Benz. Why would the chief tell my son that a tag has to be changed out and he's under 18. That was a minor he talking to and my son is not even old enough to register to vote yet. That was irrelevant to him putting him over.

My question is how can a 17 year old get a tag registered in Holmes County. Those questions should have directed to his parents. If he's riding in a borrowed vehicle and he has proof of insurance, and his drivers license, then why did he have to ask the other questions. If he was gone issue him a ticket then he should have did that and left it at that. It's quite strange that the chief and the other officers is always on

Yazoo Street going to and from the school area. I rarely see any officers near Marath going to Central Holmes Christian school.

My conclusion will like to tell me this is definitely a racial issue. He saw a young Black male, driving a Mercedes with a Hinds County tag. I hope the Mayor and the board of Alderman don't take light to these situations happening in our community. It was a reason, why you all was elected. That was to make sure everything inside the City of Lexington, Ms go smooth and laws shall be followed and then will be no injustice of any kind. Because my son was going to get an education; NOT robbing anyone, not killing anyone, and not causing an Chaos. I know most people on the board are parents, So, as a parent let's protect our kids. - signed a concerned parent Bernie Mosley

On Saturday, April 9, 2022 at approximately 2:40 pm, Darius Harris and I went to the Lexington Police Department to pick up paperwork that Darius was not given upon his release from jail. The clerk at the desk had no knowledge of the matter so he called the Chief who was at the PD unbeknownst to the clerk. Once the clerk spoke with the Chief, the Chief said, "Tell Mr. Wright that I am not meeting with anyone i that he can come back Monday to make an appointment. I responded, "I am not looking to meet with you but only to get the paperwork my client is entitled to. He responded, "All that he needs has been given to the bailbonds woman. I told him that we did not get it. He said, "I am not on duty so I won't be assisting anyone." I said, "Who is on duty?" He said, "I am not pulling my officers off of what they are doing to help you." I said, "You don't have to. The person at the desk can assist me." He said that "I am not about to argue with you. You can come back Monday for an appointment." I said I won't be coming back for an appointment because you could have assisted me now.

My issue with the situation is that when someone is arrested and jailed upon their release, paperwork should have been given detailing:

Complainant's Signature: Cardell Wright

Chief of Police: _____

The charges is word state along with the report. The chief officers are obligated to help the public. We were not requesting a meeting, but only to return what should have been given at the release.

The disrespect the chief gave was uncalled for; unbecoming of a chief of police. If the chief prohibits himself & officers from assisting the public none of them should be in position. Their duties include more than just arresting people.

I am appalled by the treatment the chief gave me and consequence of an investigation are in order.
